WHY OUR PRODUCT IS BETTER?

1. Unbreakable solid metal base for switches and sockets.
2. Heavy copper parts to ensure high quality and safety.
3. Switches and sockets screws will not come out from housing.
4. Big holes of terminals for multiple wires. Now installation for electricians is very easy.
5. Sockets have safety shutters. Now your children are safe from electric shocks.
6. Sockets lugs are fastened with steel wires. So it will not become loose even after 10 years of use.
7. Switches, sockets and dimmers are all adjustable as per need.
8. Elegant appearance with different colors and side strips of your choice.
